

The figure displays a network graph with 24 nodes, numbered 1 through 24, plotted on a 2D coordinate system. The x-axis ranges from -2.5 to 2.5, and the y-axis ranges from -4 to 3. The nodes are represented by red dots, and the directed edges are shown as blue arrows. The network structure is complex, with many nodes having multiple incoming and outgoing edges, indicating a highly interconnected and dynamic network. The edges represent the ground truth connections between the nodes.
